SAFETY TIPS

- ✓ It is important to have your child memorize his/her name, address, area code and phone number from an early age.
- ✓ Teach your child to dial 9-1-1 or 0 in case of an emergency. Your child should be taught to ask for help if they ever feel threatened or in trouble.
- ✓ Never leave your child alone or unattended.
- ✓ Inform your child that it is never ok to get into a car or to accept candies / gifts from a stranger.
- ✓ When playing outside, encourage your child to play in groups.
- ✓ Videotape and take photos of your child several times a year as a child's features may change rapidly over a short period.
- **In the event of an actual emergency contact your local authorities immediately.**
- **Stay calm, and give a description of what your child was wearing along with the information contained in this ID kit.**

**Empower your child to trust their "gut instinct".
If something doesn't feel right it usually isn't.**

To sponsor a kit for your business or organization please call:
